

NoobMOD - Bug / Fehler #723

When admin/player connects to limbo, [PROTECT] message appears

07/05/2013 01:05 AM - TheAssassin

Status:	In Progress / In Bearbeitung	Start date:	07/05/2013
Priority:	Normal	Due date:	
Assignee:	Hanack	% Done:	0%
Category:	Limbo	Estimated time:	0.00 hour
Target version:	NoobMod-V5 (nm5) PLATINUM		
Description			
<p>I've seen some weird connect messages like "[PROTECT] .* connected from .*". After the message for Mr.Benz appeared, nothing said he would have connected to the limbo.</p> <p>I guess that if a player connects to limbo, be it admin, ban, ..., they do not "real" connect to the server, but the protection module does not check it back with the limbo module.</p> <p>#needstesting</p>			

History

#1 - 07/05/2013 12:10 PM - Hanack

- Status changed from New / Neu to In Progress / In Bearbeitung
- Target version set to NoobMod-V5 (nm5) PLATINUM

confirmed

#2 - 07/05/2013 03:20 PM - Shaun

Maybe that's similar to what I saw yesterday, already wrote it into #talk but now here again:

```
[19:42] <Shaun> [PROTECT] ben (cn: 9) is fragging in Anonymous Proxy (199.255.213.72)
[19:42] <Shaun> I was in the limbo and #who did not show him, even not as Limbo-Ban and when I did "/follow 9"
I followed nobody but it told me that I am following cn 9. When he reconnected a error appeared, see the screenshot:
[19:42] <Shaun> https://dl.dropboxusercontent.com/u/34259573/temp/screenshot_58149.png
```
